CHAIRMAN'S REPORT

CONVENTION MEETING at Planet Hollywood, Las Vegas, NV

JULY 11, 2019

The office of the Chairman of the UERMMMAFUSA, Inc. greets the present and former AFUSA officers and members of the BOT, officials of UERMMMMAAAI, guests from UERMMMCI, visiting Alumni from the Philippines, Alliance members, donors and friends; a pleasant good day here at the Planet Hollywood Hotel and Casino.

Our Foundation recognizes that in order to serve our medical community in our former Alma Mater as well as our Alumni donors here in the US, we must provide high quality service in rendering our responsibilities towards our Foundation donors. This is the reason why we, the alumni volunteers coming from different states and chapters that the National Organization- MAAAI, are all doing such pro-bono, wholehearted volunteer services to our Foundation. This is the reason why we work with our donors by following their wishes in accordance to the set rules and regulations of the Federal, State as well as NY City regulatory agencies of the US. This helps us understand and fulfill the needs of our grantors and later on benefiting our grantees in the long run. The regulatory agencies guide our program developments and outreach efforts to improve and prolong the long term well- being of our Foundation to be able to extend longer better help in terms of grants to the students as well as faculties that needed our help into the future.

The Foundation has several programs dedicated to the project focus areas of our Alma Mater. We the Members of the Board of Trustees and officers of the Foundation continuously either develop, change, or remove programs that are no longer necessary after deliberations during our meetings in the past. And with the changing times and needs of our community, we will evolve accordingly as necessary, with one pre-condition that everything follows the regulatory agencies of the USA and our donor's requirements (MOA & MOU). Thus we, officers and members of the BOT, must remain vigilant and steadfast in delivering our responsibilities and works to and for the Foundation to benefit everyone in the long run. The documents needed are accessible through our web site. We are committed and dedicated to helping our Alma Mater's needs as per its students, faculty, and other programs that we have equivalent to what the Foundation have developed from the beginning of its existence.

The Foundation's officers and the members of it's Board of Trustees know that the officials and donors have a choice, on where to request and where to donate; we are privileged and proud to serve and care for you by managing the grants monies in our hand according to how it should be done as per regulatory bodies of the Federal, State and NYC agencies.

The following were also done by the office of the Chairman for the UERMMMAFUSA, Inc.

- 1) Communicate with the office of the Dean, Dr. LingLing Uy about several items and concern of his office and ours.
- 2) Transfer few concerns to the office of the President of the AFUSA, Dr. Elmer Gilo to take care of or manage accordingly.
- 3) Communicated with Foundation Liaisons in the Philippines about what they are expected to do in requesting grants from the Foundation.
- 4) Communicated with the Treasurer on donor's problems, requests, and donations.
- 5) Communicated with the Foundation's Secretary about tele-conferences, meetings and records of the Foundation as well as convention matters.
- 6) Consulted Dr. El Castro on past policies and projects written.
- 7) Consulted Mrs. Amor Castro on governmental rulings.
- 8) Scheduled face to face meeting of the Executive Board.
- 9) Read and communicated with few BOTs concern regarding Foundation matters.
